Mission Statement

Established in 2018 in Texas, Legion Preparatory Academy (LPA) is a non-traditional private academy dedicated to fostering a safe and nurturing learning environment. Our mission is to empower students to explore a wide range of educational options and opportunities while pursuing their individual passions. We recognize that the education of a child is a collaborative effort, requiring shared responsibility between the academy and parents to ensure the holistic development of each student.

About Us

Legion Preparatory Academy is a fully accredited private school educating grades 6-12. Our half-day program allows gifted and talented children to excel academically and follow their dreams. The students and their futures are the focus of our dedication. At LPA, we uphold high standards of academic achievement, encouraging our students to strive for excellence both in their studies and personal growth. Enrolling a child at Legion Preparatory Academy signifies a mutual commitment to their educational journey; we embrace the responsibility to guide and mentor each student in a constructive and ethical manner. We firmly believe that parent involvement and unwavering support are crucial to the success of our educational mission.
