Product Brochure

Join us in our effort to increase our goals to establish an environment in which students can develop and further strengthen their natural skills, increase the quality of education, create a comfortable learning environment, foster a positive attitude, and focus on academic performance and personal growth.

Product Overview

The Legion Outreach partners program is a leadership organization designed to support Legion Prep within communities who are responsible for leading special education support and services. It is an annual opportunity to give back to the community through helping students better service their educational needs.

WHO BENEFITS?

Everybody. The programs and services of the non-profit organizations participating in the campaign make our community stronger and safer. By providing students a better education with hands-on experience and life skills to become a productive citizen.

HOW MUCH SHOULD I CONTRIBUTE?

Giving is a personal decision. It depends on many factors, such as your income, your personal circumstances, or your concern about particular health, social and environmental problems. Give what you can, it all helps.

Partner Package 1

With a \$5000 yearly contribution to the Legion Prep operating budget, you become a Partner. This opportunity is limited to 10 companies with a record of distinction for providing services and/or support to urban school districts to improve outcomes for students.
